PMP Exam Preparation Course

From Yes-M Systems LLC
Length: Approx 35 hours
Student Location – To students from around the world
Delivery Method: Instructor-Led – Live online Training

A. Course Overview

The study strategy is based on a complete hands-on Workbook based approach with the goal of providing students exactly what they need to pass the PMP exam. This strategy increases comprehension and retention of key elements, while also providing students with practical information that can be applied immediately to the project work environment. Coursework is focused on the key topics and knowledge areas required for success on the exam.

The Course package includes:

- 200+ page PMStudy PMP-Prep Workbook
- Quick Reference Guide, Process Chart Worksheets and Study Aids
- Two month Complimentary Access to PMStudy 100% online course (includes 800+ practice questions with detailed explanations AND 4 full-length simulated exams)
- Valuable exam-taking tips
- 40 PMI® approved contact hours
